

Annual Report 2019- 2020

PREAMBLE

NIWAD Trust is very proud to present the Annual report at this pleasant occasion. We have achieved a lot with the support of Managing body, staffs, Donors and well wishers.

Programs carried over by the organization

MEDP Micro Entrepreneurship Development Training for Women

We have conducted Capacity Building Training, Leadership Training, Income generation training, making participation in social evils and community development works with the participation of local people in the villages. We have formed Women 200 SHGs in Salem, in all blocks of Salem District. We have conducted Skill training to the SHGs and JLGs for their Agricultural development inclusion of all agri business activities.

MEDP Training with the support of NABARD

JLGPIs Joint Liability Promoting Institution

It is one of the best products under financial inclusion supported by NABARD. Under the NABARD JLG incentive scheme, support has been extended to a cross section of different stake holders, viz., Cooperative banks, Commercial Banks, Regional Rural Banks and NGOs for formation and credit linkage of close to 25000 JLG.

Mode of availing bank loan for pursuing an economic activity by offering mutual guarantee. This in turn also improves the loan portfolio of the bank and increase their share of priority sector lending of the branch thereby increasing the business mix. (JLG – A product for Financial Inclusion-.)
